To whom it may concern,

I have had the pleasure of working with Odysseas Tsiridis for 18 weeks while they held the position of game design intern. My role was to supervise their work and provide him with feedback.

As the project's lead designer, Odysseas provided good and consistent output and quality of work while being proactive and self-reliant. He also provided well-structured and organized documentation, and his presentations were well received and helped move the project forward. Odysseas played a pivotal role in refining the project vision and solidifying the gameplay direction. Odysseas was not only reliable and dedicated but also exhibited a strong work ethic and commitment to achieving the team's goals.

In addition to his professional skills, Odysseas exhibited a positive attitude and a genuine ability to collaborate with their colleagues and create a supportive and productive work environment.

I am confident that Odysseas will be a precious asset to any organization he joins and will make a meaningful contribution in his new role. I strongly endorse Odysseas without reservation and believe that he will exceed all expectations.

Please feel free to contact me if you require any further information or clarification.

Sincerely,

Hugo Bourbon
